

Draft Beer Gas Gauge Panel Features:

- Stainless steel 3/8" I.D. wall bracket.
- UL Listed.
- Forged brass and die cast for durability, accurate machining.
- Stainless steel inlet filter.
- Constant pressure supply at high output flow rates.
- Stainless steel valve seat for high corrosion resistance.

Specifications

Type	Secondary Regulator - CO ₂ or Mixed Gas
Output Pressure Gauges	0-60 PSI, for accurate keg pressure
Performance	3 Pressures / 3 Kegs
Outlet Barbs	3/8" O.D. with shut-off
Installation	Wall mount panel, pre-drilled holes
Dimensions	14" wide x 11" tall
Integral PRV	For safety: pressure relief valve releases at 51-53 PSI
